

Payday Dice Game Halted By Sheriff

6 Arrested, Equipment Seized During Raid At Eagle Park Rd. Tavern

Gambling operated simultaneously with a local industrial plant's semi-monthly payday was broken up Thursday afternoon by Sheriff George Musso and five deputies, who raided the Midtown Country Club tavern, formerly the Flanigan club, on Eagle Park road. Musso ordered that the place remain closed until further notice.

Catching 30 men in the establishment, about 10 of them around a dice table in a back room, the raiding party arrested six and seized gambling equipment, \$46 in cash, a .38-caliber revolver, blackjack, two pocket knives and two new wrist watches.

The 58-foot dice table, a ten-place card table and two dice table stools were hauled to the county jail in Edwardsville along with the other evidence.

The six arrested men also were taken to the county jail and were fined \$40 each on gambling charges at hearings before Edwardsville Police Magistrate Earl Vuagniaux. The complaints were signed by Musso.

Those arrested were: Walter L. Benton, 43, of 1010 Douglas street, Venice, licensee of the tavern; Jeff Woodstein, 36, Brooklyn, Ill., described by the raiders as "stick man" at the "dice table"; John J. Valley, 52, East St. Louis, described as "box man" at the dice table; Willie Henry Moore, 48, East St. Louis; Emory Lamm, 33, East St. Louis; and Johnny Harris, 39, of 401 Douglas street, Venice.

Several of the group said the actual proprietor is a man living in St. Louis who also has an East St. Louis tavern.

The search warrant obtained from Vuagniaux named "owners and proprietors and one Walter L. Benton who are operating in a certain gaming device in a one-story building containing two large rooms and two restrooms known as Midtown Country Club at Eagle Park, Acres on Bend road."

Sheriff Musso was the first to enter the building and saw "the dice were rolling" when he arrived in the back room. He was followed into the tavern by Deputy Fred Craycraft, Venice City Court Bailiff George Vezich of Granite City and Walter Delaney of Collinsville. Walter Gruenfelder of Highland and Clyde Tadel Jr. of Bethalto.

Two Former Madison Youths Drown Sunday

Two young boys formerly of Madison drowned Sunday afternoon when they fell through thin ice on a lake near Stanton, Ill.

The boys, Harry Dorste Jr., 11, and Robert Lee Dorste, 11, are the sons of Mr. and Mrs. Harry Dorste Sr. of Carlyle, Ill. Mr. Dorste and the family moved there three years ago but he still works at the local Union Star and Refinery Co. plant.

The boys were visiting relatives in Stanton and were crossing the lake with two cousins when all fell through the ice where the water was 25 feet deep. The other two boys got out and ran for help. Stanton police said. An inquest will be held in Stanton.

The boys were born in Granite City and attended the Francis elementary school in Carlyle. They were members of the Dora Ashley Memorial Center in Madison.

Other survivors are two sisters, Sally Ann and Helen Florence Dorste at home; grandsons, Mr. and Mrs. C. L. Dorste, of East St. Louis, and Mr. and Mrs. Buck Tindall of Carlyle. Arrangements are incomplete. Further details are given in today's obituary column.

Alderman Nonn On Levee District Payroll For \$1189

A Granite City alderman, Walter F. Nonn of the Fifth Ward, is an inspector for the East Side Levee & Sanitary District and earned \$1189 last year, according to district's annual report made public on Friday.

Nonn, who also is employed at Starlight Oil Co., Wood River, as an operator in the refinery utilities department, works no regular hours for the levee district but, according to local inspectors during the evenings and on Saturdays and Sundays.

Brown said no time cards are made for inspectors and that the local alderman also works out of the levee district's main office in East St. Louis.

"His job," Brown said, "is to work on assignment and to inspect culverts and roads and to prevent people from dumping trash on levees in this area of the district. Sometimes I call him out to work as a watchman."

Head clerk at the levee district, East St. Louis, Charles Mehin also told the Press-Record the office does not keep time slips for inspectors. He said Nonn's pay is a flat \$206 a month and that his last check was sent out Jan. 25 for the work period Jan. 1-15.

"All our work slips come from the superintendents and we make the payroll from them," he said, pointing out that Brown keeps records for the Madison county area of the district.

In the district's annual report, Nonn was listed as receiving \$443.50 as an inspector in the engineering department and \$445.50 as a roddman. Brown said he did not know of Nonn doing any work in the district for July (Feb. 8 and 15).

Letters were sent over the weekend to Mayor Davis and Alderman Frank Vesci by James "Red" Worthen, official of the Granite City Civic League, pointing out Nonn's job with the levee district and asking that he be removed as a member of the council's special committee on river drainage and pollution.

Worthen, Vesci is chairman of the special committee and the letter suggests he request Nonn's resignation.

USSR Holds Lead In CD Preparation Hanson Says

CD Officials Stress Need For Coordinated Disaster Preparations

Delegates and guests of the Southern Illinois Civil Defense Association's winter meeting, held yesterday afternoon at the Granite City high school auditorium, heard local CD authorities warn that the Soviet Union holds a definite edge in civil defense preparations over those made in this country.

The estimated 225 persons who attended the session, including CD unit members, representatives of industry and labor, mayors, police and fire chiefs and the general public, heard one speaker reveal current Russian CD plans.

Robert H. Hanson, Director of Training, Education and Public Affairs for Civil Defense Region IV of Battle Creek, Mich., told those present that the Soviet Union has been divided into two separate countries for purposes of civil defense.

Soviet Plans
Country "A," he said, includes the 30 to 35 major cities and industrial centers. The other half of the country is divided into two separate countries for purposes of civil defense.

In case of war, the United States would be able to strike at only a fraction of industrial and population resources in the Soviet Union, if the evacuation plan is successfully carried out, Hanson said.

Granite City Steel's 1959 earnings of \$16,140,000, or \$7.53 per share of common stock after deducting preferred dividend requirements, Friday. This compares with 1958 earnings of \$9,374,000, or \$4.56 per share of common stock after deducting preferred dividend requirements. The 1959 earnings are based on preliminary and unaudited figures on the year's operations.

Granite City Steel's 1959 earnings of \$16,140,000 exceeded the \$15,109,000 in 1958, the company's highest previous earnings year. On a per-share basis, 1959's \$7.53 compares with \$7.05 in 1958, based on the same number of common shares outstanding and the same preferred dividend requirements.

Nicholas P. Veeder, chairman of the board and president, said Granite City Steel produced 308,000 tons of ingot steel during 1959, shipped 1,126,000 tons of flat rolled steel products and had net sales of \$164,371,000. The company was one of 59

3 Days of Fog Causes Accidents; 6 Persons Hurt

Fog, which has been blanketing the Quad-Cities and surrounding areas for three days, was blamed for many of the 17 traffic accidents, resulting in injuries to six persons during the weekend and today.

Three injuries resulted from a two-car collision on Route 674 in front of the A. O. Smith Corp. plant at 11:47 p.m. Saturday. Fog obscured vision at the time.

One of the injured, Benjamin J. Allen, 39, East St. Louis, was arrested by Granite City police for driving under the influence of alcohol, reckless driving and leaving the scene of an accident. Allen pleaded guilty to the DWI count and was fined \$100 and costs. He also was charged with reckless driving and a hearing was set for Feb. 20 with bond at \$200. No pleading was made for the license suspension charge, a bond over case to the circuit court. Bond on the count was set at \$1000.

Allen was treated at St. Elizabeth Hospital for an incision in the outside corner of his left eye and the other driver, David Hann, 28, East St. Louis, was charged with injuries to the right leg and left arm.

Hann's wife, Marie, 30, was admitted to the hospital for treatment of a forehead laceration, injury to the left shoulder and X-rays of the skull, chest, shoulder, right knee and left ankle.

An ambulance took the injured to the hospital and Granite City police directed traffic at the scene. Allen was arrested after being taken to the hospital.

Both motorists are A. O. Smith employees, and both cars were involved in the accident.

5 Vehicles, 2 Crashes In Hour—Same Place

Two accidents occurred in less than an hour Friday morning on Madison avenue at 23rd street. One was a three-car pileup and the other involved an auto and a city sanitation department truck. No injuries were listed.

In both mishaps, the vehicles were traveling north and police described the roadway as wet and icy.

Charles Bauer, 64, of 2403 Rock road, was driving the city truck and stopped for a signal light when it was struck from behind by an auto driven by Ernest E. Wright, 22, of 1636 Wisconsin avenue. Floyd's auto was damaged about the front and the rear of the car was damaged and a directional light on the rear of the truck was damaged.

The three-car pileup involved listed the drivers as John Karoly, 2655 Edison avenue, Ray Karoly, 18 1/2, 2715 N. Main, and Wilburn Wright, 23, of 2615 North street.

The officers said Wright was backing a left turn off Madison avenue and the rear of his auto was struck by Karoly's car who then was hit by Karoly's treatment wagon.

Stark Arrested In Theft, Shooting Of Father-In-Law

Frank M. Stark, 25, an unemployed ex-convict, who lives over the Miller Provision Co., 1728 Edwardsville road, burglarized the firm at 11 p.m. Saturday and seriously wounded his father-in-law at 5:15 p.m. Sunday. Stark was charged last night. He is being held on \$15,000 bond on occasion, Marvin D. Baker, 32, of 404 Kirkpatrick homes is being held on \$2000 bond on the burglary charge. Both gave no comment.

Stark's father-in-law, Francis Blinger, 44, of 2616 Jorden avenue, was shot in the left side of the abdomen, received a blood transfusion at St. Elizabeth Hospital and was transferred to St. John's Hospital, St. Louis.

Stark was arrested by Madison police a few minutes after Stark was left lying on the sidewalk along Highland avenue and Edwardsville road. Baker was picked up at 6 p.m. Sunday by Granite City police and turned over to Madison.

Knowing that Stark had been an employee of the Miller Provision Co., police began seeking him after the burglary was discovered at 3:10 a.m. yesterday. The efforts to locate him proved unsuccessful until after the shooting.

Loat in the break-in was \$50 in bills and change.

Seeing word that Stark was seen near the shooting scene, the officers were able to apprehend him within a short time. With off-duty police called in, 12 members of the department took part in the investigation, checking at the hospital and scene and searching for Stark. Venice and Granite City police were alerted.

Officer Blunk, 22, also obtained \$25, a billfold and papers from Fred Harrison, 2426 East 23rd street, a butcher, and son of George Brown, St. Louis, a customer.

Witnesses said the holdup men left on foot and ran east on Douglas street to a parked 1955 or 1956 light blue Cadillac with Illinois license plates.

All of the bandits were Negroes and appeared to be between 20 and 25 years of age.

Description Of Bandits
Police said one was six feet tall, weighed 160 pounds, had a dark and round beard or chin and wore a grey felt hat and light-colored trench coat. The second was five feet, nine inches in height, 160 pounds, blue bill cap with a snap on the front, a dark coat and a dark, appearing chrome revolver.

The third bandit, five-feet, five, six, pounds, and heavy mustache, had a dark hat, light blue jacket, light blue uniform trousers, black buckle shoes and light chrome or chrome revolver.

This case is being handled as being in the store at the time but not robbed included Emanuel Jones, 702

3 Men Rob 5 Of 20 Persons In New Way, Escape In Parked Car

Three men trained guns on 11 customers and nine employees in a \$948 robbery at 6:10 p.m. Friday at the New Way grocery store, 1051 Deary street. Detailed descriptions of the men were obtained, and an intensive investigation has been started by Venice police. Three suspects have been questioned and cleared.

Floorscoring revolvers throughout the robbery, the trio struck two persons in enforcing demands for money and obedience. The two were unmasked and threatened to be customers upon entering the market at 5:30 p.m., loading a grocery bag and threatening their guns, apparently to allow the crowd to thin down.

Two of the bandits approached Louis Isaacs, co-owner of the store, who was at a check-out counter, ordering him to place all the money from two cash registers in a shopping bag they furnished.

Damage occurred at two homes in other instances of vandalism reported to Granite City police. A mob was used to break down the pane of a storm door at the home of V. P. Kysasheff, 708 Primrose avenue, at 6:27 p.m. Friday and a brick was thrown through glass panes in two rear doors at the home of John Kakkigan, 1636 Olive street, between 10 a.m. Saturday and 1:03 a.m. Sunday while he was away, from home visiting relatives. The brick was found on the kitchen floor.

Vandals threw snowballs at cars in the 1500 block of Benton street and in the 2300 block of Lincoln avenue Friday evening. Police removed a large pile of snow from the middle of East 27th street in the 2500 block at 10:30 p.m. Friday.

main tavern room, the raiders herded about 20 men at the bar and adjacent tables to the far end of the building. Names were taken, and a reprint was issued by Musso to each of those permitted to leave without charges.

The deputies confiscated a croupier stick, a money box locked with a small padlock, five \$1 bills, an assortment of change, mostly nickels, and seven dice and six packs of cards. Three of the packs of cards were taken from individuals' pockets.

Card Table Idle
Dice, money and the stick were on the green felt surface of the wooden dice table when the deputies arrived, and cards were lying on the card table in the tavern room. However, no card game was in progress. Two new rugs in boxes were found on a chair with the watches but were claimed by one of the patrons.

Several of the men said they were employees of the Granite City Steel Co. Blast Furnace Division, and deputies learned prior to the raid that the dice games were arranged at the tavern on the Blast Furnace Division paydays.

The raid was staged at 2 p.m. and the parking lot was jammed at the time. After the lot had been cleared, a half dozen more prospective patrons arrived in cars and were told by deputies that the place was closed.

A sign in front advertised entertainment scheduled for Friday Saturday and Sunday.

A 1950 liquor license for the tavern was issued to Benton in January. Musso said he will submit a report of the gambling to Gus Haller, Madison county clerk-commissioner.

Frank Harton, 72, of 1020 Logan street, Venice, was hit by a car driven by Curtis King, 48, of 811 Jackson street, Madison, at 7:33 p.m. Friday on Weaver street near Bissell street, Venice. Police said.

Harton was taken to St. Elizabeth Hospital by ambulance and admitted after it was determined he had suffered a fractured right forearm and leg.

King was driving east on Bissell street and was making a left turn onto Weaver. Harton was crossing eastward. King was arrested by the police for reckless driving and was released on property bond. A hearing was set for 3 p.m. Feb. 6.

Auto Tears Down Fence

A 25-foot section of wire fence was torn down yesterday evening when it was struck by an auto driven by Robert P. Kudek, 24, of 2001 East 20th street, who told police his vision was obscured by the fog.

Kudek told police he was driving along Warren avenue when at St. Clair avenue his auto jumped the curb and crashed into the fence belonging to Joseph Grobelnik, 3083 Wayne avenue. No injuries were listed.

A motorist traveling south on Edwardsville road, apparently confused by the fog, drove his auto into a field at 21st street and Edwardsville road about 1:10 p.m. today.

Police summoned a tow truck to aid Dale Beck, 2610 Grand avenue, for pulling the auto out of the field onto the pavement.

A hit-and-run car going north on Broadstreet, Kildee street, Venice, at 2 a.m. today damaged the trunk and left side of the parked auto of Jack Tolliver, 1250 Klein.

Thweatt Freed On \$5000 Bond; Hearing Feb. 19

Terry Thweatt, 31, who surrendered to the sheriff Wednesday afternoon, was freed on \$5000 bond Friday morning pending an appearance before Police Magistrate Gasparovic here on Feb. 19 for a preliminary hearing on a charge of assault with intent to kill.

Thweatt, an ex-convict who resides on Chouteau slough road, was charged by the sheriff's office with the shooting of a Granite Cityan, Otilio Valencia Jr., 33, of 1800 Spruce street, on the morning of Sunday, Jan. 24.

Valencia, who was wounded in the abdomen after being pushed up against the Club Bayou building, has identified Thweatt as his assailant and said the shooting occurred following an argument inside the tavern. The wounded man underwent surgery at St. Elizabeth Hospital last week and was released Thursday morning.

Thweatt's \$5000 property bond was posted by Dave S. Goldford, a professional bondsman from East St. Louis. He was brought to Granite City from the county jail last Thursday morning for Friday's appearance before Police Magistrate Gasparovic, from whom the county obtained the warrant.

CAP Cadet, Leaders Attend Chicago Meeting

Granite City Civil Air Patrol Squadron Cadet 2nd Lt. Sharon Barnett returned yesterday afternoon from a two-day CAP Group VI meeting in Chicago where she received a cadet special activities award.

Other cadets from this area, each of whom has earned the CAP Certificate of Proficiency award, who attended the meeting were Cadet Capt. Gary Anderson of the Barker Hill-Alton squadron and Cadet Capt. Karen Bagby of the Marias squadron. The cadets were accompanied to Chicago Friday night by Maj. George Christopolis, Granite City squadron commander, and Col. Clarence Bergsicker, commander of Group VI.

The two-day program consisted of briefing, picture-taking and written examinations. The cadets and their leaders attended church Sunday morning and guests at a luncheon given by the CAP Illinois Wing. An oral examination and interview followed.

New Venice Police Plan On Calling Ambulances

A new arrangement on ambulance calls will be instituted this month by Venice police, Chief Robert Trower said Saturday. Calls will be made to the two ambulance services closest to the city of Venice on alternate months, providing that each agrees to accept all calls. In the past, most of the calls have gone to one firm, he said, but some calls were declined.

A delay in arrival of an ambulance at Weaver and Bissell streets, where a man was struck by an auto at 7:30 p. m. Friday, prompted the change, the chief said.

SICL Meeting Tuesday At Labor Temple Here

The Southern Illinois Citizens' League will hold a regular business meeting at 8 p. m. tomorrow in Hall One at the Labor Temple in Granite City. It was announced today by an SICL officer, David L. Gantt, 3201 Fehling road.

The league, Gantt said, is preparing to fight the Missouri state income tax and St. Louis earnings tax as imposed on Illinois residents working in Missouri.

Tomorrow night's meeting will be open to the public, and the league's lawyer, Stanford Meyer of Belleville, will be present to answer questions.

Officers of the SICL and a similar group in Alton met several times last week, Gantt said, and have prepared a proposal for consolidation, which will be presented to SICL members for discussion and vote.

GUS NEUMANN, former Granite City contractor, died of cancer Saturday morning in St. Elizabeth Hospital.

Gus Neumann, 66, died of cancer, a form of cancer, at 1:35 a.m. Saturday in St. Elizabeth Hospital. He had been ill three months and in the hospital three weeks.

Mr. Neumann started as a general contractor in 1930 and his son, Elmer, became a partner shortly after World War II. The elder Mr. Neumann retired from the business on Dec. 23, 1958.

Seek Volunteer Workers At Alton State Hospital

Individuals seeking to volunteer for work at the Alton State Hospital will be interviewed through Friday this week, with training courses to start at 9:15 p. m. on Tuesday, Feb. 9, and 7:30 p. m. on Monday, Feb. 15. It was announced by Miss Rosemary Farrell, volunteer services supervisor.

Interviews may be arranged either by telephone or letter, Miss Farrell said, pointing out the volunteer office is placing a great emphasis on recruitment of men for its program. "Almost half of our patients are men, and they certainly like to have male companionship," she said.

3 Youngsters Injured In Mishaps At Home

Three youngsters received emergency treatment Saturday at St. Elizabeth Hospital after mishaps at their homes.

Timothy Connolly, seven, son of William Connolly, 2709 Saratoga avenue, caught his right hand in a washing machine; Ricky Bayers, four, son of Harry Bayers, 3002 Kirkpatrick Homes, fell on a small play arrow and was treated at 7:20 p. m. for an abrasion to the inside of his mouth; and Kathy Ridenhour, six, daughter of Virgil Ridenhour, 4921 Tank road, was treated at 11:20 p. m. Saturday for a forehead laceration suffered when a bookend fell on her while she was in bed.

Forrest Parker Freed From Jail On \$15,000 Bond

Forrest Allen Parker, 27-year-old St. Louis hoodlum, who was taken into custody last Tuesday by Madison county authorities to face trial on an armed robbery charge filed in Granite City, was freed on \$15,000 bail Thursday afternoon with arraignment scheduled for next Friday in the circuit court at Edwardsville.

Parker's bond was fixed by Circuit Judge James O. Monroe Jr. after a habeas corpus hearing. The bond was posted by Dallas T. Harrell, former Madison county sheriff.

Furker, who was freed Tuesday afternoon from the Missouri state penitentiary, found county authorities waiting for him at the gate. He was jointly indicted with Marvin Dale Berry and Robert Emmett Burns for armed robbery by a Madison county grand jury on March 24, 1958, for the \$6642 holdup Jan. 31, 1958, at Jacobson's tavern here. Berry was convicted of the holdup and sentenced to 10 to 20 years in the Illinois state penitentiary. He has appealed the conviction to the state Supreme Court and a decision is expected shortly.

Incident Booklet Brings Fine Of \$10

Jerry Saddler Jr., 24, of 810 Washington avenue, was fined \$20 on two charges at a hearing before Justice of the Peace Louis S. Kiemer in Madison Friday.

Arrested Jan. 26 at 13th and State streets, he was fined \$10 for no driver's license and \$10 for possession of a small eight-page printed booklet described by police as pornographic.

Highway Traffic Delay

A minor two-car traffic accident occurring at 7:15 a.m. Friday, combined with snow and ice on Jay-Vass 96, resulted in a traffic delay lasting for over an hour in the vicinity of the canal bridge. The halt in traffic was complete for a time, and some motorists left their vehicles temporarily.

Passes Two Stoplights

Arrested on Madison avenue at 3:03 a.m. Saturday, Lyle Melvin Moore, 28, Mahanville, Mo., was charged with passing red flashing lights at Niedringhaus avenue and at 20th street. He was released on bond pending a hearing.

New Building In GC Last Month Totalled \$114,251

New construction in Granite City last month totalled \$114,251 in value for 31 permits, according to records of City Building Inspector Earl Blomquist and City Clerk A. L. Stevens.

Among the 31 permits were two for new dwellings, valued at \$20,100. Others included two for location of trailers on vacant lots, \$8000; 12 for home improvements costing \$18,850; seven for commercial construction valued at \$47,356; six for garages and carports valued at \$4772; and one for a church building to cost \$13,824. One other permit was issued for a razing project.

Last month's 31 permits, including two dwellings and a total value of \$114,251, compares to the following totals for January 1959: 21 permits including nine homes and a total value of \$180,769.

Permits issued last week went to Ward W. Woods to locate a \$3000 house trailer on a vacant lot at 2713 Myrtle avenue; a commercial structure, a frame 18x24-foot sandwich shop to be erected at 23rd street and Washington avenue by William E. Sage at a cost of \$3500.

Home improvement permits were issued to — Leo Kolley \$3500 to add a utility room and bath room at 3205 Wayne avenue; Kenneth R. Fuller, \$2000 to add a bedroom and carport at 3184 Jill avenue; Arthur Starnes \$1500 for a two-room addition at 2825 Twenty-second street; Charles E. Mudd Jr., \$1500 for a porch and garage at 3013 Sunbury avenue; and Lizzie Blyne \$1000 for general repairs at 2001 Dewey avenue.

Obtaining permits for garages and carports were Harold K. Swilley, a \$1000 garage at 22nd Monroe street; Herbert Buzan a \$721 garage at 2837 Edgewood avenue and at 20th street. He was released on bond pending a hearing.

United Fund's 1959 Winning Combination Is Good Plan To Follow In 1960

As the United Fund organization begins making plans for its 1960 campaign in the Quad-Cities next fall, it is important to review the major factors that contributed so much to the success of the 1959 drive. Two come readily to mind.

One was the chairman and vice-chairman formula; the other was the establishment of long-range advisory committees for each United Fund division.

Having dual chairmen accomplishes a two-fold purpose. First, it divides the vast amount of work, making possible many more direct contacts with solicitation teams and with donors and, second, it provides for continuity of experienced campaign leadership.

With retirement of 1959 Chairman T. A. Sullivan, nothing could be more logical than for Vice-Chairman James L. Hamilton Jr. to assume that responsibility and, at the same time, help train a new vice-chairman as his successor in 1961. Much of the credit for last year's unprecedented drive success goes to these two men.

Divisional advisory committees served an excellent purpose in mapping campaign strategy and in keeping close to their individual groups, with the result that the drive was well over the top in the amazingly short period of three weeks.

Now that a winning combination has been discovered, it would be a mistake to change it.

The true believer in the merit, or honor system, will accept nothing that he hasn't earned.

Some Needs Of Metropolitan Area Can Be Met Only By A Bi-State Agency

When formed in 1949, the Bi-State Development Agency was intended to develop and operate public projects needed by the Illinois-Missouri metropolitan district that were too large geographically or financially for any existing governmental or private agencies to handle. With 750 taxing bodies serving an estimated 2,000,000 people in its 3,000-square-mile area, Bi-State is the only body that could take effective, coordinated action in many fields.

Legal, political and financial problems plagued the agency for many years, but amercatory state laws clarifying its powers were passed by Congress and the president in September 1959. Since many of the needs existing ten years ago are still present, the commissioners have proposed to municipal, civic and business leaders that they support Bi-State in the hope of more actively aiding development of the metropolitan area. The board members have pledged cooperation rather than competition, serving as a link between public and private groups.

The agency has no taxing powers, and its projects must be self-supporting. While it has conducted several surveys which were later transformed into permanent public improvements on both sides of the river,

its various planning functions must be curtailed unless it can develop some revenue-producing program. It is subsisting on income from operation of the Granite City harbor, but terms of the present contract limit these funds.

Many of the problems remain to be solved, but the potential gains for the Quad-Cities and other communities are such that the agency's future proposals should receive fair study by local residents and officials. There are some needs which cannot be met by any agency having jurisdiction as broad as that of the Bi-State Agency.

Making plans for the future is often a way to escape work in the present.

Junior High, Language Plans Are Steps Forward For Granite City District

The question of what will be done with the Granite City junior high school program now that construction is catching up with enrollment has been answered with an ambitious new curriculum to be placed in effect next September. In the past, overcrowding and lack of some facilities has hampered full implementation of the three-year junior high program started in the mid-1950s.

As outlined by Superint. Harold Kaiser, the training next fall at the College, West 25th street and Central buildings will include a two-hour home room class of all-day elementary classes as well as individual periods in which a wide variety of required courses and electives can be taken. There will be advance preparation and counseling at the elementary and secondary levels, enabling smooth transitions from grade school to junior high and from junior high to high school. There will be coordination in the instruction all the way from kindergarten to the senior year.

Many courses will be offered for the first time at the junior high schools, including foreign languages, speech and developmental reading, and other courses which have been located in additional classrooms. This will fit in with stepped-up college requirements effective with the 1964 freshman class, among them being trigonometry, science, biology and social studies requirements for both engineering and liberal arts students.

While the 1960-61 high school plans have not yet been completed, it has been decided to offer Russian if a large enough number of students select it for their foreign language course. With both the Granite City and Madison school districts and many universities in this area adding Russian to their language program, proper emphasis will be placed on knowing the language of the other major world power.

The Russian language plan is a step forward, and the new junior high school should help Granite City maintain modern, diversified instruction challenging to all students.

The bill-paying habit is expensive.

Granite City PRESS-RECORD Page 4 Mon., Feb. 1, 1960

I knew what he was talking about. He knew he had no opposition in the council that amounted to anything and he must have known he would get his way with the highway department. Can anyone blame this man? We think today this man's powerful influence should be laid at the doorstep of Granite City's electorate.

Why do the other aldermen let that man get his way most of the time? Any egoist, if not stopped in time will become bolder and bolder and will not be satisfied until he has his fellowman's head under his feet.

Dear Sir:

They are made. They are made by those who elected them and they are made by the apathy of the electorate in the activities of those, whom it elected as representatives.

The representative, already strongly inclined to autocracy, before he has been elected, will notice the place of his constituents and will do as he pleases. This is the nature of the situation in Granite City today and we are overbearing of this council for many years.

It really makes one stop and think when one reads in the press that one certain alderman objects to the motion of a fellow alderman of the same ward than his, for entirely legitimate reasons (those of personal bias, gratification, and then the omnipotent gentleman of the fifth takes over and he is in no time flat the alderman with the objection is on the losing end of the game. What, in democracy's name is it that makes this gentleman of the fifth ward politically so powerful? Makes him so strong that he almost always is getting the majority lined up in favor of his direction.

We wish we knew, if we would know this political secret, rest assured we would let the people know about it. We can't believe that it is personal charm.

Maybe some of the other aldermen can enlighten the public as to what makes political power in Granite City as well as in Madison county a life has to be peddle beside his charm. It must be a powerful staff to make most of men sometimes, or better most of the time, but will it work all the time? Time will tell.

No; it is of no concern to me as far as the city of Granite City or its citizenry is concerned, but as a law abiding citizen of a great democratic country I am making it my business to analyze newspaper reports as I fit with me. I am not a resident of a certain city.

Neither does the first amendment of the U. S. Constitution specify whether or not you have to be a professional journalist in order to enjoy the privilege of press freedom. The law on this point makes no distinction between you as a historian or a Walter Lippman or a retired steel worker. Before the law we are all equal, no matter how big a politician or statesman we think we are.

In closing let me express the hope that in the next city elec-

Area Group To Attend School Lunch Meeting

Five Quad-City school administrators and over 50 school employees will attend the winter meeting of the Madison County School Lunch Association at 6 p. m. Tuesday in the Wood River high school cafeteria, a survey of schools in the area revealed.

This meeting, one of three the association holds each year, is "Boss Night," when all the cafeteria workers have been selected to invite their principals or superintendents.

From Granite City, Mrs. Eve Meier of Logan, Russell Robbins of Nameoki, Theodore Vrenich of the Wilson avenue school and Dale Rea of Emerson plus John Pler, superintendent of schools in Venice, are going to the meeting.

Over 300 members of the association will hear a speech by Mrs. Mary DeGarmo Bryan, noted school lunch director who has written a book, "The School Cafeteria," and is an editorial consultant to the National School Lunch Association.

Edwardsville is president of the MCSSLA. Chairman of the dinner meeting is Mrs. Ned Danoung. Attending members are requested by Mrs. Dungan to use the south end of the cafeteria.

The more than 30 employees and four administrators from Granite City's public and parochial schools will travel in their own cars but Madison and Venice schools will be chartered.

A joint bus to make the trip. Fourteen are going from Madison County and 16 from Granite City. St. Mary's school in Madison is uncertain how many will attend.

Interpreted facts, then we are guilty of a grave injustice in denying the people the right of healthy teeth we could so easily give them.

How can we answer the question as to whether the harmful effects be fact or fiction? As individuals, citizens we simply do not have time for detailed study of such issues. We tend to accept what we read here and there. We tend to let that person tell us. To many of us the fact that fluoridation has been approved by medical and dental associations and by many state legislatures and federal laws is sufficient evidence that it is both beneficial and harmless. But many people are not so easily persuaded.

Now since our children's teeth are so important, let us turn the matter over to the matter of open minded citizens equally representing both sides of the issue could be appointed to obtain and study for themselves and for us all the available facts of the matter. It is important to obtain and study for ourselves and for us all the available facts of the matter. It might very well help to dispel our fears concerning fluoridation.

SUGGESTS REVIEW OF FACTS ON BENEFITS OF FLUORIDATION

Dear Sir:

Last week a letter appeared in the Forum in which the writer expressed the fluoridation of our water supply. There must be many people in Granite City who feel as he does, since we do not have fluoridation.

Now I am the mother of three small children and am much concerned that they have the best teeth possible. I know that it has been proven that fluoridation can prevent as much as 65% of tooth decay. I know also that it is most important to children of the first eight years of life. Now my oldest child is almost five years old. I think it most unfortunate that she has been deprived for so long of this simple inexpensive addition to our water that would do so much to protect her teeth throughout her life.

And yet there is another side to the matter. Does fluoridation cause harm? I think many people in Granite City fear that it does. As long as this fear is held by a large number of people we will not have fluoridation.

Now this is what we must determine. Are these fears justified? If they are, then fluoridation would not be a good thing. But if these fears are based on rumor, hearsay, or misinformation, then we should have fluoridation.

County's First Sales Tax Sixth Largest

The Madison county government's first receipts of \$10,150 from its half-cent sales tax effective Oct. 1 are the sixth largest in the state, records of the Illinois Department of Revenue showed today. The amount was announced last week.

The \$10,150 represents the first month's taxes after deduction of six percent by the state for administrative expenses. It covers October tax liability, which was collected during November and processed in December and January.

Madison county topped St. Clair county, which reported \$9,485, but was led by Cook county, \$39,990; Peoria, \$17,326; Will, \$12,825; Lake, \$11,146.

Thirty-five counties were included in the October report. Madison county was one of 17 newly listed, the other newcomers being Bond, Coles, Cumberland, DeKalb, Edgar, Effingham, Fayette, Ford, Franklin, Greene, Jackson, Jersey, Kane, Knox, Tazewell and Woodford.

The 18 counties listed on previous collection reports were Christian, Cook, DuPage, Hardin, Madison, Marion, Menard, Peoria, Perry, Pope, Pulaski, St. Clair, Union and Van Buren.

The half-cent tax, similar to that levied by most Illinois cities, was approved last year for counties adopting a sales tax. It combines with the three-and-a-half-cent state tax for a three-and-a-half-cent tax on each dollar of sales.

FEELS KNOWLEDGE OF RUSSIAN LANGUAGE VALUABLE

Mr. Townsend, Granite City Press-Record, Granite City, Ill.

Dear Sir:

You have many fine articles in your editorial column but I must heartily do not agree with the one paragraph you have written on "Ability to Speak Russian Will Help Americans Come With Communist Menace."

Language of Russian is important but to the exchange I say no. With whom would we exchange these ideas and viewpoints? The contacts you would always have would be with the Communist agents and their agents.

Dr. Frederick C. Schwartz, who has previously appeared before the House Committee on Un-American Activities testified that he had debated with known Communists in Australia and found he could get nowhere. He has since come to America and dedicated his life to this fight. He testified that the Communists have reached the point of insanity. He stated that paranoia is at the heart of communism and that their theoretical concept are far more convincing to them than the evidence of the facts. Also that they are not just hypocrites but that they have merged the techniques of hypocrisy with the virtues of sincerity, creating a very powerful instrument.

Furthermore, they do not respect the people and millions do not believe in the government so how could this help understanding. What is needed are our prayers for the Atheists, plus knowledge on Communist conspiracy.

Dr. Schwartz's statement can be obtained by writing the United States Government Printing Office, Washington, D. C. WANTS JOBS IN GC TO BE FOR GRANITE CITYANS

To the Editor, Granite City Press-Record,

I would like to know what the citizens of Granite City are supposed to do. I am a resident of the State Employment Service is for a job and a couple other people are looking for a job. I am looking for a job. I am looking for a job. I am looking for a job.

It is a shame. Unless you know someone important you will not get a job.

I am a taxpayer of Granite City and a citizen and I have walked and looked for a job all over including the Ill. Emp. which also gave me that state- ing. What is needed are our prayers for the Atheists, plus knowledge on Communist conspiracy.

Trust Powers Approved For 1st GC Nat'l Bank

Authorization has been received by the First Granite City National Bank for the exercise of trust powers, it was announced today by Erwin Niedringhaus, chairman of the bank's board of directors.

"There has been an increasing demand," Niedringhaus said, "for our bank to make this service available and we are very happy to offer this to the people of the Tri-Cities. Under the powers granted, the bank can act as administrator and executor of estates, trustee under wills and agreements, guardian and conservator of the estates of minors and incompetents and in any other capacity permitted under the laws of the state of Illinois."

The authority was granted by the board of governors of the Federal Reserve System and the director of Financial Institutions of the State of Illinois. Harold R. Fischer, president of the bank, was named trust officer, and Paul H. Lichtenberger, executive vice-president, was named as assistant trust officer. Both have had previous experience in trust work in banks with which they were formerly connected.

Members of the board of directors appointed at the trust committee were — George B. Schierberg, former president of Granite City Steel Co. and now a director and chairman of the finance committee; Walter A. Rees, president of Rees Drug Stores, Inc.; John J. Stolze, vice-president and secretary of Stolze Lumber Co.; and Walter W. Fershall, formerly an executive of Tri-City Grocery Co. Niedringhaus said the trust officers have a combined record of 76 years of banking experience. "Our trust committee, with the members' background of many years of successful business experience, can render a valuable service to our present and prospective clients in the handling of their estates and trusts."

Identical Grounds In 3 Divorce Decrees

Three divorce decrees became final Saturday morning before City Court Judge Fred P. Schuman.

Brenda Verba, charging extreme and repeated cruelty, was divorced from Jerry Verba Jr. Married March 16, 1957, the couple separated Nov. 4, 1959. Custody of two minor children was granted the defendant.

Also charging extreme and repeated cruelty, Opal Bridges won a final decree from James Bridges. Married Nov. 27, 1951, the couple separated Jan. 24, 1960. There are no children. Norma Lee Hornmann was divorced from Leonard E. Hornmann on grounds of extreme and repeated cruelty. The couple was married Jan. 26, 1957, and separated Dec. 29, 1959. "There are no children. The plaintiff's maiden name of DeGonia was restored by the court."

In a divorce reported last week, the correct name of the plaintiff should have read Rose Marie Gaylo, and the defendant Frank Edward Gaylo.

Accident On Lot

Two moving autos were involved in an accident Friday afternoon on a lot at 18th street and Edison avenue. Carl E. Employees Honored

Glik Stores Planning To Expand Sales Facilities

A 50% expansion in sales in the next four years, plus either the expansion of present stores or the construction of new ones to meet the sales increase was the prediction of Joseph Glik of Glik department stores during a banquet for store employees last week at the Rosebowl restaurant. Glik told employees, 21 of whom were honored for more than five years of service with the firm, that negotiations for expansion are currently underway, and that the decision to expand present facilities or construct new retail outlets will depend upon the locations of the most favorable leases. Prior to presenting service awards, Glik told the 91 persons attending that the department store firm has been able to triple its volume of sales in the past seven years due to the outstanding work and cooperation of its employees.

Polish Eagles Top Depot Church 61-57 In Overtime Period

The Polish Eagles had some anxious moments in the Namoki gym Thursday night when they pulled out a 61-57 overtime victory over the Granite City Engineer Depot, Church in park district Church league game play.

The game was a battle for third place in the standings behind undefeated First Assembly and Second Baptist. The Eagles won enabled that team to pull 1 1/2 games in front of the Depot.

Trailing 12-19 after one quarter, the Eagles outscored their opponents 19-7 to take a 31-26 intermission advantage. The Depot Church cagers chopped it to four points in the third quarter, and then held the Eagles to seven points in the final period to force the overtime session.

Two clutch baskets by Ray Jones in the overtime period helped ice the Eagles' fourth win in five games. Regulation play ended with the score deadlocked at 53-53.

The Eagles' Ed Mozduric led all scorers with 20 points. Tompkins-Jones and Carl Mack added 14 and 11 points. Jack Gatchell and Bob Lawley played the game with the score deadlocked at 53-53.

Makes Edwardsville
10th Victim, 42-31

Bill Terrell's Coolidge eighth graders finished their regular season play with a solid victory over Edwardsville, 42-31, in the final game of the season.

"The difference in this game was that we out-hustled them," Terrell said. "We had more energy and more heart than they had."

Ronnie Yates, with 13 rebounds, led the team in that department as the Junior Braves had a 41-30 margin over the losers, one of the three teams to beat Coolidge this year. Terrell's team had a 10-3 record, with five points in an earlier contest.

Both teams shot 29% from the field but Coolidge attempted 11 more shots. At the free throw line, the Braves made eight of 15 compared to Edwardsville's three for 15.

Coolidge now has a 10-3 record, while Edwardsville is 1-4.

The scoring: Terrell 15, Lilley 10, Nelson 10, Yates 3, Cant 2, Karandjoff 2. Substitutions: Pyie.

Red Devils Improve MBC Record With 75-72 Win

Venice's Red Devils may not win the Madison-Benton-Clinton Counties basketball conference this season, but their chances of finishing in the top half of the standings were considerably improved Friday night with a 75-72 decision over pesky St. Paul of Highland.

The victory over the Vikings was sweet revenge for earlier 62-65 loss, but it was not gained easily in Friday's rough contest. The Devils attempted 41 foul shots and St. Paul 24, and Venice was out-rebounded for the first time this season. The 29 charity attempts which fell through for Venice proved to be the deciding factor. St. Paul could convert only 16 but out-

Hand had nine free throws and five buckets.

Big man again in the scoring column was the area's leading scorer, Chas. Gray, who hit half his shots and pulled down 15 rebounds for the 13-5 winners. The team is now 8-2 in MBC play.

5 In Double Figures
Ron Wyatt totaled 14 points, Larry Gray and Woody Moad 12 each and John Corrie 10. Venice was Corrie's second straight contest in double figures after eight previous games. For Gray, it was a sub-par performance.

Venice eased in from 14-13 after the quarter and staged the lead to 39-31 at intermission. The Vikings slowly closed the downhill slide, but Venice held them back when they actually as Venice had done when the two teams met previously.

Smooth ball-handling out front by Gray, who had nine assists, helped Venice under a semi-stall near the end of the game.

Neither club shot especially well. St. Paul trailed 2-12 in the first quarter, but usually large number of 80 shots and hitting 28, while Venice missed 23 of 60 attempts.

The "B" game found the Little Devils on the short end of a 35-38 count.

Braves With Big
1st Quarter, 55-42

Madison's freshmen cagers, deployed in a wide 2-1-2 zone defense, held the Coolidge Braves without a field goal in the first quarter and went on to defeat John Tomcoff's ninth graders 55-42 in the Madison high school gym Thursday night.

The Braves picked up only three free throws in the first period while Joe Asperger's crew was popping in 15 points, and the deficit was too large to overcome, despite second and third period rallies.

Coolidge was outscored by 10 baskets from the field, shooting only 25% as compared to the Braves' 45%.

Scoring honors in the game went to Madison's Bob Haynes with 22 points, and Vince Marsala 9, Terry Andrews 7, Bill Rixie 7, Mike Gardner 2, Larry Lux 1. Coolidge's Glen Hoffman 12, Perry Tayan 9, Charles Papp 7, Larry Wooten 4, Larry Noblin 3, Dick Hahn 4.

Lions Wins 54-45

Granite City's sophomore basketball team lost a first quarter lead Thursday night against East St. Louis and went down to its eighth straight loss, 54-45.

Even though the 10-5 lead was erased by halftime, the Warriors only trailed by two, 27-25, but in the third period the Junior Flyers turned on the steam to outscore the local five, 18-6, and took a 45-31 at the beginning of the final quarter.

The game was lost at the 12-12 mark, when Granite City hitting on only nine of 33 shots. The winners connected on 16 of 33.

The Warriors will travel to Madison at 6:30 tonight.

Spengler Oil, Exterminators
Classic Winners

Spengler Oil and Modern Exterminators continued to run one-two in the park district Classic basketball league Thursday night after wins over the Teachers and Friedman's of Madison.

Dave Hrysko poured in 31 points at the Exterminators. Spengler Oil overcame a two-point first-quarter deficit to lead the Teachers 84-61 despite a 10-point performance by the losers' Bob Miller.

Art Borchers hit 23 points for Spengler Oil, and Gus Gonzales added 19. Bill Terrell scored 15 for the Teachers. Bob Page helped teammate Hrysko with 25 markers, while Don Williams rimmed 29 for Friedman's and Charles Johannmeier hit 24 more for the losers.

Braves With Big
1st Quarter, 55-42

Madison's freshmen cagers, deployed in a wide 2-1-2 zone defense, held the Coolidge Braves without a field goal in the first quarter and went on to defeat John Tomcoff's ninth graders 55-42 in the Madison high school gym Thursday night.

The Braves picked up only three free throws in the first period while Joe Asperger's crew was popping in 15 points, and the deficit was too large to overcome, despite second and third period rallies.

Coolidge was outscored by 10 baskets from the field, shooting only 25% as compared to the Braves' 45%.

Scoring honors in the game went to Madison's Bob Haynes with 22 points, and Vince Marsala 9, Terry Andrews 7, Bill Rixie 7, Mike Gardner 2, Larry Lux 1. Coolidge's Glen Hoffman 12, Perry Tayan 9, Charles Papp 7, Larry Wooten 4, Larry Noblin 3, Dick Hahn 4.

A. O. Smith Keeps First-Place Tie Hopes Alive; Engineer Depot Wins

A. O. Smith Corp. kept its hopes for a first-place tie in the Industrial baseball league glimmering faintly Thursday night with an easy 73-33 win over the Engineer Depot.

Granite City Engineer Depot out of the running for the regular season title but still a definite contender for a playoff berth, had an equally easy evening, beating Union Starch and Refining Co. in the first game, 58-29.

Larry Prothro bucketed 14 points in the third quarter for A. O. Smith as the second-place team enjoyed a 31-point period against Owens. Five Smith cagers contributed at least 10 points.

The Engineer Depot's best period also was the third as Union Starch went down to a 31-10 defeat. The Depot expanded a 36-15 halftime lead to 48-22 with 22 markers in the third quarter.

Each team in the league has one game remaining on the regular season's schedule. League leaders Granite City and Owens must defeat A. O. Smith (7-2) to finish with a clear hold on first place.

"That contest will highlight Wednesday and Thursday action this week," said the league's Tuesday with the Steeler-Smith game is a duel between G. C. Trust and Savings Bank and Union Starch, while Owens and the Depot will meet in a single game, 47-33.

Loss gave Bob Miller's cagers a 5-6 mark for the season, which was completed with the Edwardsville Central fell behind 4-11 in the first quarter and never was able to get back in the game.

Chuck Mizerski acted paced Central with 12 points. Jerry Hahn had five, Bob Hanner and Wayne Back four each. John Pomeroy three, Terry Valencia and Dennis Eicht two each and Barry Teator one.

Coolidge, Madison In Junior High Meet

Bill Terrell's Coolidge eighth graders will play the winner of the Edwardsville-Roxana game in their first appearance in the annual Madison County Junior High School Conference Tournament, which will start tonight at Roxana. The Junior Braves will play tomorrow at 8 p.m. following Collinsville's game against the winner of the East Alton-Madison game.

Madison and East Alton will square off tonight at 6:30 for the opening game of the tourney, while Edwardsville-Roxana contest following.

Since Collinsville and Coolidge were the top two teams in the standings as of Jan. 18, when the seeding was made, they have opening-round byes. Third place team Edwardsville, followed by East Alton, Madison and Roxana.

If Madison or Coolidge lose in the semi-finals, they will play for third place honors at 6:30 p.m. following Collinsville's ship game will be played at 8 p.m. Thursday.

An added attraction in the tournament is a free throw contest between the best shooters of each team. Each boy will shoot 50 free throws, and the player netting the highest number will win a trophy.

Admission chances will be 35 cents for adults and 25 cents for students.

By virtue of its second place ranking, Coolidge also has been invited to participate in the eight-team Collinsville invitation tournament Feb. 8-12. Junior high teams are invited. School year Collinsville is one of those teams. Edwardsville (third place) also has been invited.

GC Wrestlers Win 2; Lanphier Tough Foe

After a close call Friday night on the home mat, Granite City's wrestlers traveled to Normal Community high school Saturday and gained a 4-0 shutout. The local enforcer was with Springfield Lanphier, the Warriors winning 25-20.

After ten bouts, Granite City led Lanphier by only 22-20, and it took narrow victories by Dave Brewer (130) and Bill Ridings (heavyweight) to clinch the contest. Brewer remained undefeated but had his toughest bout of the year in beating Ron Sprague, 10-6. Ridings gained his 17th win in 18 starts 3-0 over Lanphier's Henry Matchett.

As Larry Brisky (95), Ernie Taylor (100) and Buddy Felchlin (112) opened with wins—Brisky's a forfeit—the Warriors took a 15-0 lead. But Granite City lost four of the next five bouts, including Sam Fazio's debut as a high school wrestler. Undeclared in junior high competition before graduating in mid-year, he was pinned by Lanphier's Alvin Robinson, 133, in 2:35.

Ridings set a school record for most falls in one season in Saturday's bout as he pinned John Hickey of Normal in 3:50. This was Ridings' 13th pin of the year, breaking the old record held by Brewer. Bill Gaddo and himself. Gaddo wrestled in the 1953 season.

Results: 65—Brisky (GC) over Loney (N), 13-7; 103—Taylor pinned Dodd (L), 1-02; and defeated Desaro (N), 6-0; 112—Felchlin pinned Wicks, 2-02, and defeated Normal by forfeit; 130—Parkinson lost by fall to Ivan Glascock (L), 6-8, and defeated Menken (N), 7-2; 170—Bloodworth defeated Turner (L), 8-1, and Klenk (N), 6-2; 133—Fazio defeated Farnsworth (N), 6-0; 138—Brawley was defeated by Allen Robinson (L), 1-8, and defeated Windows (N), 4-3; 144—Fole was pinned by White (L), 4-38, and defeated Beitz (N), 5-0; 154—Wallace drew with Pickard (L), 5-3, and defeated Ogg (N), 12-1; 165—Craft drew with Logsdon (L), 8-8, and defeated Hayden (N), 5-0; 180—Brewer defeated T. Hayden (N), 8-1.

Williams Outscores Belleville's Patton In Friday Shooting Duel

Rich Williams of Granite City won a scoring duel with Southwestern Conference leader Mid Patton as he led the Warriors over Belleville 73-55 Friday night on the losers' court. Saturday's 76-72 non-conference win at Normal Community high school brought Granite City's season record to 10-4.

Williams, who has won the scoring championship two years in a row, outscored this year's leader, Patton, 25-20 and ran his average in the conference to 20.1. Patton, after scoring 22 against Wood River Saturday, still has the lead with a 23.3 average.

Free throw shooting won Patton's game. He shot 31 and made 27. The player who missed the most, Bill McDowell, also made the most, nine of 12 shots. Williams made five for five, Bob Price six for six, Frank Knight three for three and Harry Cook and Carl Wortham two for two. Price totaled 18 points, McDowell 11, Knight 5, Wortham 4.

The Warriors, behind Williams, Price and Wortham, led the game early in the fourth quarter with a flurry of baskets combined with seven steals. Free throws as Belleville started to press. Granite City shot 42% for the game compared to 38% for Belleville.

11-Point Halftime Lead
Granite City led by 11 at half-time over Normal but the host squad fought back and outscored the Warriors in the second half. Granite City led 20-14, 38-27 and 59-49, at the quarters.

The Warriors were paced by Williams with 23 points, Knight 11, Patton 11, Wortham 11, Simpson 9, McDowell 4.

6, Simpson 2 and Cook 2. In contrast, Belleville sank 13 of 23 free throw attempts and lost by 18 points even though the Maroons had only two less field goals than the Warriors.

10 Goals By Williams
In the Williams-Patton duel, the Belleville starter shot a better percentage but had a lower total. He hit on eight of 17 shots for a 47% mark while Williams connected on 10 of 22 for 45%.

Trojans, Minus 3 Seniors, Lack Polish But Hold Off Well-Drilled Knights 71-59

Madison Coach Charles "Buddy" Mueller announced before Friday's cage encounter with Triad high school that three senior Trojan players had been released from the squad "in order to make room for younger ballplayers," and then took his youngsters out onto the floor and tripped the visiting Knights, 71-59. No longer with the team are Frank Hilde, Willie Petty and Sam Garrett.

Madison's starting five, all juniors and a couple of them "in and outers" during the season, tottered around the Trojan court, getting their hardwood feet against Art Peil's well-schooled squad, but displayed staying power and brief flashes of brilliance in winning their 12th game in 16 outings.

It took slightly more than 16 minutes to build a comfortable 12-point lead, and then less than seven minutes to blow it. Ahead only 44-42 when Mike McFarland hit an easy layup off the tip which opened the final quarter.

Fortunately, Ed Walker still wears a green and black uniform. His being held scoreless in the third period had much to do with the Triad rally, and his 14-point output in the last eight minutes spelled defeat.

Outscored by 30 points from the field, Triad stayed in the game with 21 conversions in 29 tries from the free throw line. The Trojans hit their best percentage from the line all year with 13 of 16. Both clubs shot 45% from the floor, but Madison took 68 shots, and Triad only 45.

Charles Venarsky and Cal Davis each scored 18 points as Madison's JV club outscored Triad in every quarter to win 75-58.

GO '60 GO CHEVY!

There's nothing like a new car—and no new car like a Chevrolet. This is the Pontiac Sport Coupe!

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrust.

Step inside this superlative '60 and look at the world of room around your head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is inside where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more power for every Enlist, or the strapping Hi-Thrift 6.

The riding is a never-ending treat, thanks to Full Coil spring suspension. There are also shock absorbers, dampers, and vibration that filter noise and vibration to the vanishing point, more rigid frame and many other engineering innovations.

But you'll have to drive the Sixty slider yourself—that's the clincher. Why not see your Chevrolet dealer now—for a drive and the happy dance to a Chevy's new lower prices.

General Steel Expects Greater Earnings In '60

Earnings of General Steel Castings Corp. in 1959 reflected the adverse effects of the steel industry. The case against the latter part of the year at two of the company's plants, Whitehead and Whitehead, announced today.

Based on orders and inquiries received so far this year, however, an improvement in earnings is anticipated for 1960. Consolidated net sales in the year ended Dec. 31, 1959, amounted to \$38,432,527, as compared with \$39,535,449 in 1958. Profits before taxes in 1959 were \$4,033,499, against \$4,372,709 a year earlier.

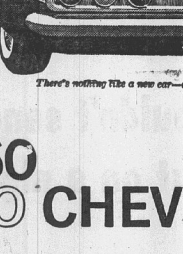

After provision for federal income taxes, consolidated net income for the year amounted to \$2,018,499, or \$2.48 per share on \$13,345 common shares outstanding on Dec. 31, 1959. This compares with a 1958 net of \$2,232,709, equal to \$2.75 per share on \$11,640 common shares outstanding at the end of 1958.

A \$25,000 judgment for personal injuries allegedly sustained in an auto crash Sept. 14, 1958, in Jackson county by Henry Allen was returned Friday morning against Roy Whitehead, one of three defendants in a lawsuit brought before the two-week city court jury setting here.

Allen charged he sustained permanent personal injuries when his auto and a boat trailer being towed by the defendants collided at the intersection of Illinois Route Three and Grand Tower road.

ROLE OF LABOR IN CIVIL DEFENSE was discussed at yesterday's CD conference here by Robert Gish, state AF-CIO community services director.

Farm Column

By TRUMAN W. MAY

Importance of adding potash to fields shown by soil tests to be deficient in this essential element of plant food was emphasized by Lester Boone of the agronomy department, University of Illinois, during a recent meeting of the short course in soils for Madison county farmers. Potassium is one member of the soil-fertility team that has not been getting the attention it deserves, said Boone. One reason is that methods of testing large acreages for available potassium were not developed until a few years ago. Then, too, it is only recently that high-analysis potash fertilizers, such as muriate of potash, have been widely available. Until a few years ago most of the potassium used was in mixed fertilizers carrying a low percentage of potassium, so that the total amount of this plant food applied was far short of what the soil needed.

The shortage of potassium is often so severe that crops show definite symptoms of potassium deficiency. These signs are likely to show up first on corn, as it is one of the crops most susceptible to a shortage of potassium. But don't wait about applying potassium until the starvation symptoms show up in your crops. If you do, you will be waiting 10 to 15 years too long. Stratum symptoms do not appear until a shortage of potassium has become severe and will sharply reduce crop yields. By then losses have been occurring for many years. Soil tests show you the need for potassium before symptoms appear and serious losses occur.

Discussing the use of phosphate fertilizers to supply phosphorus, in which most soils are deficient, Boone stated that although any phosphate fertilizer will give good results if enough is used, rock phosphate is the cheapest source of phosphorus for most soils. Superphosphate, however, is recommended for alkaline soils and soils testing high in the pH scale, such soils often being referred to as sweet soil, or high in limestone. Much limestone in such soils interferes with the availability of the phosphorus in rock phosphate.

Even on fields testing high in phosphorus, or where phosphate has been applied, a small amount of superphosphate drilled with wheat at seed time, especially where wheat follows soybeans, stimulates a vigorous fall growth and will often increase the wheat yield by several bushels. Superphosphate or mixed fertilizers can be used as starter fertilizer with corn to cut down the damage from clover root worm. Soil insecticides are being used by many farmers to control harmful insects in the soil.

Dairy cows can provide a market for labor and a better market for feed, said Leo Fryman, dairy specialist, University of Illinois, speaking at three dairymen's meetings held in the county last week. Dairymen are good producers, they are fed efficiently, good management is followed and a healthy herd is maintained.

Dr. J. R. Rickard, extension veterinarian, also speaking at the meetings, urged dairymen to control mastitis, a cow disease often called the No. 1 profit-stealer. In getting herd replacements, dairymen should be sure the new animals are healthy, with no mastitis to carry into the herd. A lot of mastitis is spread through sales, he said, and the buyer should ask the owner or veterinarian about the mastitis history of the animals being sold. Raising his own heifers under disease-free conditions is often a better way for the dairymen to keep out mastitis.

Both speakers emphasized other practices to control mastitis, such as having adequate room in stanchion barns, using plenty of bedding, having at least 60 square feet of space per cow in loafing sheds, avoiding high silos, impellers and the like that might cause udder bruises and training helpers to become accustomed to milking quarters before calving.

Careful practices in milking are important in mastitis control, too. Definite milking order should be followed, with cows known to have mastitis being milked last. Wash and massage the udder with a sanitized solution before milking. Adjust the milking machine according to the manufacturer's recommendations, with special attention to the pump, vacuum level, gauges, pulsator and teat cups.

Dairymen wanting more complete information on mastitis control, including the California test for mastitis, may get it at the farm adviser's office.

GC Police Solve Nearly 25% Of 489 Major Crimes In '59

Granite City police solved nearly 25% of the major crimes committed in the city during 1959, according to a report submitted to the Federal Bureau of Investigation.

Of 489 actual offenses last year, 111 were cleared by arrests, including 10 of 16 auto thefts, 45 of 123 burglaries, and 39 of 314 thefts of money and under \$50.

The report shows the major crimes committed within the city during 1959, listing one manslaughter case which was cleared and one forcible rape, which also was cleared with an arrest. There were no murders.

Six robberies were reported, with five cleared through arrests and 10 cases of aggravated assault were cleared.

For these crimes 104 persons were arrested and charged. Of the total, 91 were found guilty, and some cases still are pending.

Under the classification of Class II, or lesser crimes, the department's report shows 175 assault cases were cleared through arrests, as were four charges of forgery or counterfeiting.

Four persons were found guilty in the four gambling arrests.

One of the most interesting and impressive talks at the annual meeting of the St. Clair-Madison-Monroe Vegetable Growers' Association was given by Orville L. Hogsett, safety specialist with the University of Illinois.

Ordie told both his hands in a corn picker accident in 1943. He knows what he is talking about when he discusses farm accidents.

Tractor causes the most farm accidents, with the corn picker second, said Hogsett. There were 17 tractor accidents reported in Illinois in 1959 and 54 resulted in death.

Speed causes 83 per cent of farm accidents, he said. This involves the human element, which can and should control speed. He said 10 per cent of the accidents are caused by defects in the machinery and two per cent are caused by "act of God" accidents.

If we can learn to manage our time, not be in such a hurry and cut down on the speed, we can lower our accident rate, said Hogsett. "Safety can be defined as the mental attitude of the individual."

A new variety of sweet corn called Gold Cup was outstanding in the variety tests in 1959, reported Norman E. Obler, vegetable extension specialist, at the vegetable growers meeting. Victory Golden was another very good variety.

Home gardeners as well as commercial growers might be interested in trying paper mulches with vegetables, especially tomatoes. Mulching with paper regulated in higher yields and earlier tomatoes. It also helped prevent weeds and conserved moisture.

Four-H club and FFA members planning dairy projects are looking forward to the annual 4-H and FFA fair sale to be held by the Madison County Holsteins Club at Highland Feb. 13. Catalogs giving pedigrees of the calves in the sale are being prepared and will soon be ready for distribution.

A meeting to discuss farm chemicals will be held the evening of Feb. 10 at the Farm Bureau building at Edwardsville. The program will include the use of soil insecticides and chemical control of weeds. John E. Bigger of the Illinois State Natural History Survey will speak on soil treatments to control insects. All farmers are invited.

Sunday School Award

Four years at Trinity Methodist Church were included in a 30-year perfect Sunday school attendance award which has been presented to Mrs. Bertha Leonard of Edwardsville, formerly of Granite City. It was learned during her visit last week with a son and daughter-in-law, Mr. and Mrs. Larry Leonard, 2316 Warren avenue. The record includes 18 years in Wood River, five in Patton, Mo., and three in Edwardsville.

Form 1040a Easiest For Filing Return

"If you received a punch-card income tax Form 1040A in the mail from Uncle Sam recently, it will be the easiest to use if it is changed to the degree it would be financially impossible or undesirable, District Director Jay G. Philpott of the Internal Revenue Service, Springfield, said today. He stressed the greater ease in preparing the 15-line form, as well as in the tax agency's ability to process it.

Taxpayers whose income during the year was under \$10,000 singly or jointly, may generally use the form, he pointed out.

Also available to lighten the burden of preparing income tax returns is a brand new short return Form 1040W. This is a new two-page return form which can be used by any individual whose income consisted of salaries and wages, regardless of amount, and not more than \$200 income from interest and dividends.

"Taxpayers who have questions on this subject may get Department 5107, 'Filing Your Tax Return,' by calling their local internal revenue office or by writing to the Springfield office," Philpott said.

The local office at 1225 Edison avenue is open on Fridays to give assistance to taxpayers.

Two Youths, 17, Plead Innocent To Charges

Two 17-year-old Granite City youths pleaded innocent Friday morning to charges of assault and battery and creating a disturbance, filed Thursday by Mrs. Cecil Burroughs for her son, David.

Taken into custody Thursday evening on the warrant were Jerry Lee Staton, 17, of 3001 Westview avenue, and Gerald Swiatek, 17, of 1314 Lincoln avenue. They were freed on \$100 property bonds for hearings next Saturday before Police Magistrate Gasparovic.

(The Veterans Administration has selected the most pertinent questions from the thousands it has been receiving about the new pension law which becomes effective July 1, 1960. The appropriate answers are supplied.)

(This is one of a series.)

In order to establish his entitlement to a pension under the new law, a veteran or his beneficiary must report most of his annual income. The amount of pension is then based on the size of this income. (It must not exceed \$14,000 a year if he is single or \$3000 a year if he has dependents.)

Q. What income is specifically exempt by law?

A. Eight categories of income are exempt. They are:

1. Payments of the six months death gratuity by the Service Department.

2. Donations from public or private relief or welfare organizations.

3. Payments of compensation or pension by the VA.

4. Government life insurance payments and payments of servicemen's indemnity.

5. Social Security lump sum death payments.

6. Payments to an individual under public or private retirement, annuity, endowment, or similar plans equal to the amount he contributed thereto.

7. Proceeds of fire insurance policies.

8. In the case of widows or children of deceased veterans, there are excluded amounts equal to the amounts paid for settlement of the veteran's last debts.

9. The expenses of his last illness and the expenses of the veteran's burial less the amount reimbursed by the VA.

Q. How does a veteran's estate become an eligibility factor under the new law?

A. It is one of the "need" factors used in determining eligibility under the new system. It means that pensions will not be paid to veterans who have size-

able estates. (The estate of his wife and children will not be considered.) Those having quite a bit of property will not be eligible until they have used up some of their estate for living expenses.

Q. Does this mean that if a veteran owns a farm or an apartment house he will have to sell his property before he can be eligible to receive a pension?

A. Not necessarily. It would depend upon the size and value of that property and many other factors. The VA has made no attempt to provide an absolute yardstick for measuring the value of an estate. Nor has the VA set a dollars and cents ceiling where the value of an estate will operate as a bar to pension entitlement.

In each case consideration must be given to the type of property, the age of the claimant, his life expectancy, his state of health, the number of persons dependent on him for support, and his income from other sources. A veteran's dwelling is excluded from consideration as part of his estate. Each case will be judged individually on its own merits.

Q. Does the rule regarding "corpus of estate" also apply to widows and children?

A. Yes, the same as it does to veterans. (Where there is a widow and children the corpus of the widow's estate only will be considered.)

Q. If a veteran or a widow receiving a pension begins to receive additional income or acquires additional property, must this be reported to the VA?

A. Yes, it must be reported to the VA promptly. Any increase in annual income must be reported to the VA under the present law. Under the new law any material increase in the size of the pensioner's estate must also be reported.

Pre-Natal Class Will Meet At Illinois Power

The fifth in a series of St. Elizabeth Hospital pre-natal classes will be held at 1:30 p.m. Thursday, Feb. 4, at the Illinois Power Co. home service department, Niedringhaus and Delmar avenues. The session will include a laundry demonstration.

Mrs. Patricia Schmidt, R.N., instructor of the class, and Miss To Leslie, Illinois Power Co. home economist, will be in charge of the program. Held on a weekly basis, the pre-natal training will return to the hospital next week.

Q. What about a change in the number of dependents?

A. A change in the number of dependents must also be reported promptly to the VA.

(A comparison of the two pension laws will appear in an early issue.)

MARINE PFC HARRY WRIGHT, son of Mr. and Mrs. Daisy L. Wright of 2801 Benton street, who has been selected as a candidate for the Marine Code.

Wright Wins Honors At Marine Boot Camp

Marine Pfc. Harry Wright, son of Mr. and Mrs. Daisy Wright of 2801 Benton street, who was named honor man of his platoon in boot training at the San Diego, Calif., Marine Corps recruit depot, recently received three weeks' basic leave with his parents.

The 18-year-old Marine, a June 1959 graduate of Granite City high school, had the distinction of being awarded his Pfc. stripe upon graduation from boot camp, and will report to the Marine Corps Station at El Toro, Calif., on Feb. 18 for processing with the Third Marine Air Wing.

Wright was also selected as a candidate for Marine Cadet and the Marine Cadets will undergo final tests and additional processing at the El Toro base.

Final selection would mean that the Granite City youth would be transferred to the Naval Air Station at Pensacola, Fla., where he would undergo 18 months of flight training and graduate with the rank of second lieutenant, as a qualified jet pilot.

Wright enlisted last Oct. 29 at the Granite City Marine recruiting station, which is supervised by Sgt. Harold Taylor.

Pfc. Larry L. Rainwater, Skiing In Germany

Army Pfc. Larry L. Rainwater, son of Mr. and Mrs. Jesse J. Rainwater, 4944 Lakeview drive, recently mastered the technique of skiing during the Winter Sports Carnival in Germany where he is a member of the 50th Infantry.

Rainwater was trained by a skilled ski instructor who graduated from one of the famous ski schools in Garmisch, Germany. A machine gunner in the infantry's Company D in Wildflecken, he entered the Army in August 1958 and completed basic combat training at Fort Carson, Colo.

The 19-year-old soldier is a 1958 graduate of Granite City high school. His wife, Judith, is with him in Germany.

the making available of skilled manpower for any and all disaster services.

Each of Sunday's speakers addressed the importance of increasing the scope and effectiveness of CD operations and the interrelation of government, industry and labor if the country is to possess an effective civil defense plan.

The keynote address at the conference was delivered by Hanson, after delegates had viewed the film "The Invisible Enemy," a description of radioactive fallout from nuclear blasts.

Hanson stressed the importance of providing for a "chain of command" system to insure the continuity of local governments in case enemy attack or natural disaster should result in the death or incapacitation of present government heads.

Should Prepare Now
Communities should make these provisions now, he said, instead of waiting until disaster is imminent or has already taken place. His remarks in this instance were directed in particular toward the mayors and civic leaders from Southern Illinois communities who attended the conference.

Robert Gibson of Granite City, state director of AFL-CIO community services, who replaced ailing William B. Welsh, deputy director of the CD Illinois Labor Participation office, followed Hanson to the speaker's platform to speak on the importance of an available and organized labor force in case of an extreme emergency.

Gibson also dwelt upon the importance of a pre-arranged plan for labor, so that the necessary repairs could be made in a speedy and organized manner following nuclear attack, flood, earthquake, tornado or fire.

The actions and responsibilities of each of the three most important bodies in a community in time of great crisis—local government, local labor and local industry—are inter-related and if successful can go a long way toward restoring a community to its normal balance following an atomic attack, Hanson said.

MADISON TREE PLANTING in areas where larger trees were removed during sidewalk replacement work last year was started Thursday afternoon by a nursery firm. Watching the planting on Third street is Street Supt. Stanley Lucas (left). The six to eight-foot inch-thick gum trees will be placed at intervals of about 25 feet on Third, Second, Fourth and Iowa streets and Grand, Alton and Lee avenues. Sidewalk work and tree removals are planned on either streets this year.

GCHS June 1940 Class To Plan Reunion

Members of the June 1940 graduating class of Granite City high school interested in a reunion are being asked to meet Thursday evening at the home of George McDaniels, 7 Terrace lane.

McDaniels said it is hoped enough class members will be interested for a reunion to be scheduled in the near future. He is asking those persons to be at his home at 8 p.m. Thursday.

Arrest On Traffic Delay

Called to 19th street and Edison avenue due to a traffic tieup at 6:02 p.m. Saturday, police arrested Max M. Sanders, 3011 Myrtle avenue, for congesting traffic and refusing to obey a police officer. He posted his driver's license and was released until a hearing.

INSIDE SUPERINTENDENT'S REPORT

"That old saying — 'there's more to a book than its cover' — is true about bank buildings, too.

"In fact, there were some pretty astounding quantities of materials used to make our new building a reality, inside and out! For example, took almost 8 miles of electrical wiring, 127,000 bricks, 22,600 concrete blocks, 2,527 cubic yards of concrete, and 284,000 pounds of reinforcing steel just for the bank building.

"And, more than half of that steel was used in the vault — 20,000 pounds more than was used for the rest of the building. Our safe deposit vault door alone, weighs 4 1/2 tons."

Melton Receives SIU Scholarship Award
Edward D. Melton of Granite City is one of 13 students, awarded Southern Illinois University scholarship and activity awards for the winter quarter at the Southern Illinois campus. Dr. Howard Davis, director of student affairs, announced to 50 the number of students holding the awards, 52 of them at the university's center in Alton and 37 at the center in East St. Louis.

Established by the university's board of trustees, the awards cover remission of tuition for three quarters and summer session. To qualify, freshmen applicants must have ranked in the upper half of their high school graduating class and have at least a "C" average. Enrolled students at SIU must have an overall average of "B" for all course work completed at the college level.

MRS. DARREL DAVIS, the former Miss Patricia Fair Reed, whose marriage took place Jan. 27 at Tri-City Park Tabernacle. She is the daughter of Mr. and Mrs. Robert Reed, 1701 Charles street. The bridegroom's parents are Mr. and Mrs. John D. Davis, 2040 Milan avenue, Madison.

New Officers Installed For Juanita Rebekah Lodge 477

Juanita Rebekah Lodge No. 477 installed the new officers Thursday evening at the Old Fellows Hall, 20th street and Grand avenue, which was decorated with American Beauty roses, official flower of the state assembly of Illinois, doves, the emblem of peace, and the seven keys of harmony.

Mrs. Mildred Robertson, deputy president of the Assembly of Illinois, officiated as installing officer, with the impressive ceremony viewed by over 300 guests.

Installed were Mrs. Leona Spanberger, noble grand; Mrs. Edna Nightwine, recording secretary; Mrs. Glynis Hilliard, financial secretary; Mrs. Clara King, treasurer; Mrs. Nancy Haloway, chaplain; Mrs. Anna Sternberg, inside guardian; and Mrs. Sophia Bergman, outside guardian.

Serving as escorts were Mesdames Margaret Johnston, Pearl Hilliard, Barry Corday, Wanda Holton, Ruth Weston and Mabel Clark. Chaperons were Mrs. Connie Crumby and Alice Deane, and assisting the chaplain as "angels" were little Carol and Donna King.

Mrs. Spanberger received a bouquet of red roses presented to her by her granddaughters, Marilyn Mitchell, while Mrs. Whitworth received her bouquet from her grandsons, Mrs. Clara King. Serving as flag escorts were Mrs. June Crumby, Frances Becker and Nancy Holloway.

The remainder of the evening was spent socially and refreshments were served in the annex.

Among the distinguished guests present were Mrs. Lottie Scherrer, past president of the assembly of Illinois; Glynis Hilliard, 26th district association president, and Mrs. Crumby, president of the past president's association for district 26.

Limited Audience For 'All-America' Film

The audience for the Feb. 9 showing of Granite City's 2300-foot "All-America City" film will be limited. It was announced today by Mayor Davis, who said invitations are being sent to about 400 or more individuals.

The restriction was necessary, he explained, because of the limited capacity of the auditorium at Granite City high school. He said the presidents of each organization in the city are being invited and an explanation will be given as to how they might obtain the film for showing to their club members.

"We hope in that way, the film will become available to everyone who wants to see it. We learned that the public showing originally planned might be swamped and we didn't want to turn away 2000 or 3000 disappointed people," the mayor said.

Additional invitations are being sent to council members and their wives and two tickets are going to each member of the library board, park board, school board, chairman of each "All-America City" event winners of "All-America City" awards, ministers and principals of each school.

During the program, the film will be presented officially to the library, where it will be made available for public showing. The 16mm film is accompanied by a sound track.

Free TB X-Rays To Be Scheduled For May

The Madison County Tuberculosis Association has announced free chest X-rays will be offered to industry and the public in May and June of this year. The schedule of the mobile unit will be published in the Press-Record one week prior to this service.

The residents of Madison county are asked to participate in this program. In addition to finding early tuberculosis, these X-rays have been discovering chest tumors and certain heart conditions. When these diseases are found and treated early enough, the chances of recovery are good.

Funds you have contributed for the Tuberculosis Christmas Seals are used to finance this program.

Last year, 23,178 chest X-rays were taken in Madison county.
